Where Did All the Leaves Go?

10 leaves to cut out • A companion to “Wiggle Like a Fall Leaf”

Directions for Grown-ups

Cut out the leaves beforehand. Play “Wiggle Like a Fall Leaf” while you help your little one glue the leaves onto the grass beneath the tree. Sing along with “Float, float, float!” as you place each leaf together.

A little learning while you play

Invite your little one to find a red leaf, then a yellow leaf.
Count a few together!
